Dear Sir Robert:-

When I spoke to you a few weeks ago about the Imperial Studies Movement you were much occupied.

Hoping that you may have a little more leisure now I am sending you the communications received from the Royal Colonial Institute. It is my hope that you will be able to let me have your views as to these proposals.

Any suggestions which you make upon the subject will I am sure be highly valued on the other side.

Yours faithfully

Dear Mr Small,

Many thanks for your kindness in sending me the documents regard-
ing Imperial studies which I received yesterday. I have read them and find that
I had done through them some time ago as they were sent to me. I remember being
impressed with the thoroughness of the courses the excellent quality of the lec
turers and the seriousness of the undertaking. If it were possible for us to
have some of these lectures delivered in the University of Toronto, should be
very glad but there is very little chance of that in the near future. But there
is a good deal done in the same line in our Department of History under Profes-
sor Wrong. I will return the papers to you as I think that mine are in my of-
fice in Toronto.

With kind regards I am yours sincerely,

John T. Small, Esq, K.C.
